3/15/70

Dear Paul,

He your "Meterial received from Archives, 3/5/70".

Bartimo-Rankin 3/16/64: I am not suggesting any deliberate evesiveness or any impropriety, but what this letter really says, without doubt, is that the other and probably most of the military records on UHO are at the St. Touis depot, which is under the Ar chives, I believe. Obviously, all Bertimo could talk about is what was under DOD jurisdiction.
